
Adopt a Senior Dog

November is Adopt- A- Senior- Pet Month and AWF would love to find Ella her forever family for this holiday season -- and for all the seasons to come.

This beautiful and sweet little girl is Ella. When she came to AWF as a stray, it was very obvious that she had lived a hard life up to that point. She was shy, showed some obvious signs of abuse and her spirit seemed broken.

After moving into a loving foster home, Ella's personality started to blossom and she showed her loving personality. Sweet Ella was originally thought to be around 6 years old, but later when taken to another vet they thought she was between 10-12 years old. Ella's foster mom can see both 6 and 12 in her at times. Ella is very laid back and doesn't require a lot of work -- she is just happy to be safe and warm and loved. She seems to have a little arthritis in her hind legs, but that doesn't stop her from chasing her tail or running around in the back yard. She's still got a bit of puppy inside her! Ella loves to go exploring on long walks and is very good on a leash. She'll also let you know when enough is enough and it's time for her nap.

If you are interested in meeting Ella and/or adopting her, please contact Karen at karenryan76@yahoo.com or call (319) 389-5323.
