

STILL WAITING FOR FOREVER HOMES. . .

dp-101811

Prince Charles is the perfect companion. Possibly a Lab or a Beagle mix, Prince Charles is between 10-12 years old. After finding himself homeless after so many years of invaluable loyalty, Prince Charles would love to find a family of his very own to love him for all his remaining years. Prince Charles is good with other dogs, cats, and children, and his favorite pastime is napping.

Ella was originally thought to be around 6 years old, but after being seen by a vet, it's now thought that she is closer to being between 10 & 12 years old. Her foster home can see both 6 and 12 in her at times. She's a very laid back dog, doesn't require a lot of work, and is just happy to be safe and warm. Ella also loves exploring on her walks -- one of her favorite things to do.

Max is an amazing and beautiful Chocolate Lab that AWF has rescued twice. Approximately 4 years old and weighing about 90 pounds, Max is a young and striking boy. Max is currently being fostered by a professional trainer, so he has the manners of a champion, is very well behaved, and he will make an amazing forever companion for a very lucky family.

Tony is a beautiful 2-year-old Labrador Retriever, and what a retriever he is! His favorite things to do are to swim and fetch. Tony is housetrained and kennel trained, and is a wonderful household companion. Tony enjoys playing with other dogs and ignores the cats in the house. Tony also worships his humans and can not wait to find his forever family.

Contact MELISSA to meet these wonderful dogs!
